DEDICATION

We, the students of the Joseph Cith School, fondly dedicate the 1952 edition of our annual to Edith S. Bushman.

For the past seven years Mrs. Bushman has smilingly and efficently given instruction to Joseph City's boys and girls of the First and Second Grades. She has special aptitudes for introducing timid little children to the beginning courses of scholastic life.

Nearly all our present school enrollment has had the privilege of being taught by Mrs. Bushman. We want her to know that we appreciate her thorough methods, her untiring patience, and her pleasant manners. She in neat, versatile and executes many original ideas. She has expected and has received respectful and willing obedience, and we have loved her because she has loved us.

School was never dull in her room, there were always so many interesting things to do. Mrs. Bushman possesses an undying enthusiasm excellent judge of childhood character and abilities and after making a careful appraisal of each student's possibilities she goes to work to get the best out of her boys and girls. She has loved us for what we are and has given heart warming praise for the smallest effort. We feel we owe a lot to Mrs. Bushman and our best wishes go with her always.

A WONDERFUL DREAM

At night I lay in bed and dream
Of what life would seem
With out the things we see.

I dream of the morning light
That comes before the darkened night,
The snowflakes come so swift and light.

The beautiful flowers so sweet,
The songs of birds to fill our hearts
The sun will arise a shining light,
To wake children from the night.

I LIKE TO DREAM

I like to dream of money things
Of knights and princesses and kings.
And everything all about
Of giants big and stout.

Oh I have dreamed so many dreams
So many dreams it hardly seems
Oh I have dreamed of many things
Of horses and cows and cowgirl queens.

Jimmy Goes Skiing

It was a snowy winter morning, just the kind of a day to go skiing. In fact all of the other kids were going skiing, all but Jimmy that is. He was just getting over the Chicken Pox and his mother had said he had to go to the doctor for a check-up before he could go anywhere. Jimmy was sure he was better but his parents thought he should see the doctor.

Jimmy's father had to work just till noon today, but the kids were leaving at 10:00 and it was 11:30 right now. He could just imagine everyone having so much fun on the mountains, skiing sledding and having snow fights.

Just then he glanced out of the window and saw his father drive in. He rushed to the door and called to him, "Will you take me to get my check-up?", "The doctor said that he was all right."

His mother was sorry he hadn't been able to go but it was too late now. Jimmy was just going in the door of his home when Joe came running down the sidewalk, "Jimmy" "Jimmy" will the doctor let you go skiing?", he asked. "Mr. Brown was going to take us but his car broke down and he just got it fixed. So I decided to come over and see if you'd had your check-up yet. Have you? "Yes" Jimmy cried, "I'm okay". Well then come on, said Joe and they ran happily into ask Jimmy's mother if he could go.

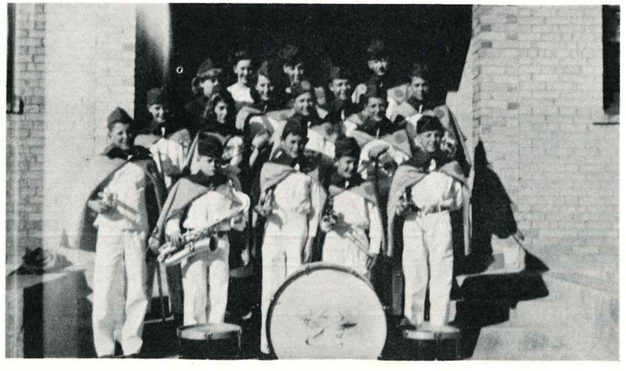
Marching Band



Band Practice

Since our last yearbook was issued our band has not been quite as active. We did march in the parade at the Pioneer celebration, but missed the Christmas Parade at Winslow.

We played for the Christmas Program and for Graduation. Early in the fall we gave a program at the church which was very successful.

The beginners band and second year band have made much progress and are looking forward to the time when they will be able to join the ranks of main band.
